IQAC Report On Analysis Feedback of Stakeholders

Structured feedback was taken to get the opinion of the students, teachers and alumni on the curriculum through an online mechanism using Google Forms. The questionnaire for feedback was designed on parameters like difficulty level, relevance, practical applications and employability skills embedded in the current curriculum. The questionnaire was filled by all stakeholders including students, teachers and alumni. The feedback was then collected and analyzed. The suggestions given by students were taken into consideration and shared with the teachers. The IQAC Coordinator discussed about the suggestions received from the students on the feedback and took necessary measures. The feedback helped in enhancing teaching learning and evaluation process and to understand the students needs in regard to the changes to be adopted in the teaching learning methodology. Effective ICT enabled teaching worked as a guiding source of dissemination to understand different concepts better. Feedback from students is very effective tool in understanding their opinions about the college environments as well as their expectation from the institute. Feedback from students had always been beneficial for overall holistic development of the institution. The students feedback was satisfactory with the curriculum offered by KBC North Maharashtra University, Jalgaon. It was observed that the alumni were well satisfied with the curriculum offered by the university. Teachers were also satisfied with the Choice based credit system (CBCS Pattern) introduced by the KBC North Maharashtra University, Jalgaon and the courses offered are completely relevant and focus on skill enhancement, employment generation, technical enhancement, recent updates in the subject domain.
