Part-II

Instruction for the Institutes:

1. Whenever a recognized research teacher in any branch of research in the institute, that is recognized, is not available due to any reason, recognition will normally lapse.
2. It should be the duty of the recognized institution to report immediately to the University and change among the recognized staff.
3. A recognized Institute has to submit to the Registrar after every six month a progress report of research work done.

Strength:

- 1) College is conducting post graduate course in Mathematics
- 2) 01 Recognized Research guide in Mathematics is available
- 3) The college is having good infrastructure for teaching and learning in Mathematics
- 4) The library has adequate number of text books

Weak Point:

- 1) Less number of recognized guide for research and less teaching staff for post graduate course in Mathematics
- 2) Reference books for research in Mathematics are less.
- 3) Separate laboratory for research with adequate computing facilities and software are not available

Recommendations:

1. More faculty should get recognized as research guide
2. At least 15-20 reference books (amounting Rs. 3.0 Lakh) per year related to research area must be purchased.
3. For research in mathematics a separate laboratory with additional 05 computers with internet facility and required software must be developed.
4. Separate allocation of about Rs. 5.0 Lakh per year in the college budget for research in Mathematics must be done.
5. However, based on the present strengths, the LIC recommend the research laboratory in Mathematics with details as follows:

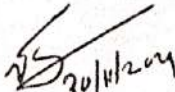

Specific Branch of the Research: Mathematics (Science and Technology)

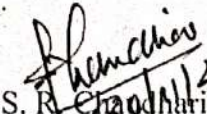

Duration of the recognition: 2021-2022, 2022-23 and 2023-2024.

Number of research students/

per branch of research:

As per UGC and KBCNMU, Jalgaon norms
